Flagship Robotics Team
At GIK Institute

Who we are

Team Techno is GIK Institute's student-led robotics team, which unites top engineering talent to create high-performance robots for national and international competitions.

Our Vision

To grow student robotics at our university by competing in Pakistan’s top competitions each year, learning, innovating, and partnering with sponsors to shape the country’s robotics future.

Our Mission

- Engineer cutting-edge robotic systems that break barriers in tech innovation.
- Collaborate, create, and conquer — showcasing GIK’s talent on every stage.
